

MASSOCARE EMO:

One ingredient, a world of sensations

MASSOCARE EMO is a range of cosmetic emollient blends specially designed to be “**the only emollient**” of a formulation.

MASSOCARE EMO products are **highly stable, colorless, odorless and high purity** emollients that **moisturize** and deliver a **superior skin feel**. That range of non-comedogenic and non-irritating products add **emolliency** and **spreadability** to personal care preparations, and provide them with **elegant, unique sensorial properties**.

MASSOCARE EMO emollient blends have been designed in order to meet the requirements of specific applications and precise skin needs. The range is made up by emollients for **dry, normal and greasy skin** care products. Besides that, it does also contain tailor made blends for **sun care applications**.

With **Massocare EMO** formulation development gets simpler, manufacturing is easier and logistics -from purchasing to stock rotation- are improved.

MASSOCARE EMO APPLICATIONS

- ◇ **Facial treatments**
- ◇ **Eye contour treatments**
- ◇ **“Oil-free”** creamy-gels and emulsions
- ◇ **Hand & Body** creams and lotions
- ◇ **Sunscreens**
- ◇ **Clear sun oils**
- ◇ **Massage & Body oils**
- ◇ **Color cosmetics**
- ◇ **Make-up removers**
- ◇ **Baby care products**

MASSOCARE EMO N1:

The emollient for normal skin

DESCRIPTION

Massocare EMO N1 is a clear, colourless oily liquid. This **easy-spreading** emollient exhibits **moisturizing** and **conditioning** properties. It dries fast on the skin leaving on it an **elegant, soft and silky veil**.

Massocare EMO N1 has been designed to be 'the only emollient' of **normal skin** care products.

INCI NAME

Triethylhexanoin, Isopropyl Isostearate, Isohexadecane

PRODUCT SUMMARY

- ◇ **Physical appearance:** clear, colourless liquid
- ◇ **Function:** emollient, skin moisturiser
- ◇ **Applications:** face & body treatments for normal skin
- ◇ **Use level:** 5.0% - 15.0%

FEATURES & BENEFITS

- Medium polar emollient
- High moisturization potential
- Good spreading
- Quick absorption
- Light skin feel
- Non-oily/glossy effect
- Non-occlusive
- Cold process compatible
- Color and odor free
- Non-animal origin

MASSOCARE EMO D1:

The emollient for dry skin

DESCRIPTION

Massocare EMO D1 has been specially designed to match the needs of **dry skin**, both in terms of moisture and aesthetic properties.

Massocare EMO D1 spreads easily on the skin while forming a **protecting** but **non-occlusive film**. It **moisturizes** the skin providing a cushion sensation and a final **light, velvety** and **non-oily after-feel**.

INCI NAME

Caprylic/capric Triglyceride, Isohexadecane, Pentaerythryl Tetraistearate

PRODUCT SUMMARY

- ◇ **Physical appearance:** clear, colourless liquid
- ◇ **Function:** emollient, skin moisturiser
- ◇ **Applications:** face & body treatments for dry skin
- ◇ **Use level:** 5.0 % - 15.0%

FEATURES & BENEFITS

Medium polar & polar emollients
Skin moisturizing & conditioning
Excellent spreading
Elegant, cushion skin feel
Non-greasy after feel
Enhances water resistance
Non-occlusive barrier
Color and odor free
Non-animal origin

MASSOCARE EMO OF1:

The emollient for greasy skin

DESCRIPTION

Massocare EMO OF1 is a silicone-based emollient that allows to formulate skin care products for greasy skin with the 'oil free' claim.

Massocare EMO OF1 spreads fast on the skin and **absorbs quickly** leaving a **soft, light** and **silky veil** on the skin. Its silicone touch ensures **cosmetic elegance** to the formulations, with light and sophisticated final touch.

INCI NAME

Cyclopentasiloxane, Dimethicone, Pheny Trimethicone, Dimethiconol

PRODUCT SUMMARY

- ◇ **Physical appearance:** colourless liquid
- ◇ **Function:** silicone-based emollient
- ◇ **Applications:** sun care
- ◇ **Use level:** 5.0 % - 15.0%

FEATURES & BENEFITS

- Polar emollient
- Excellent spreading
- Quick absorption
- Light and silky feel
- Non-occlusive
- 'Oil free' products
- Easy to handle
- Cold process compatible
- Color and odor free
- Non-animal origin

MASSOCARE EMO SUN1:

The emollient that fits with chemical sunscreens

DESCRIPTION

Massocare EMO SUN1 is a clear liquid emollient specially designed for the formulation of sunscreens.

Massocare EMO SUN1 exhibits the **spreadability, substantivity** and **film-forming** properties required to sunscreen preparations. It helps **dispersing chemical UV filters** while imparting **gloss** and leaving the skin **protected, moisturized and conditioned**.

INCI NAME

Triethylhexanoin, Ethylhexyl Palmitate, Pentaerythryl Tetraistearate

PRODUCT SUMMARY

- ◇ **Physical appearance:** colourless liquid
- ◇ **Function:** emollient, film-former
- ◇ **Applications:** face & body treatments for greasy skin
- ◇ **Use level:** 5.0 % - 15.0%

FEATURES & BENEFITS

- Medium-polar emollient
- Excellent spreadability
- Provides gloss
- Enhances water resistance
- Ideal for organic sunscreens
- Low migration
- High substantivity
- Protecting, film-forming
- Easy to handle
- Cold process compatible
- Non-animal origin

MASSOCARE EMO SUN2:

The emollient that fits with all types of UV filters

DESCRIPTION

Massocare EMO SUN2 is liquid emollient specially designed for the formulation of sunscreens.

Massocare EMO SUN2 exhibits the **spreadability, substantivity** and **film-forming** properties required to sunscreen preparations. It helps dispersing both **organic and mineral UV filters** while imparting **gloss** and leaving **skin protected, moisturized** and **conditioned**. It enhances **water-resistance** of the final product and imparts an **elegant and light skin feel**.

INCI NAME

Triethylhexanoin, Ethylhexyl Stearate, Pentaerythrityl Tetraistearate, Perfluoroethoxymethoxy Difluoromethyl Distearamide

PRODUCT SUMMARY

- ◇ **Physical appearance:** colourless liquid
- ◇ **Function:** emollient, film-former, dispersant
- ◇ **Applications:** sunscreens
- ◇ **Use level:** 5.0 % - 15.0%

FEATURES & BENEFITS

- Medium-polar emollient
- Excellent spreadability
 - Provides gloss
 - Light skin feel
 - Water-proof film
- Ideal for organic & mineral filters
 - High substantivity
 - Easy to handle
 - Color and odor free
 - Non-animal origin
