

MASSOCARE SF SCAA

DESCRIPTION

MASSOCARE SF SCAA is an **amphoteric surfactant**, imidazoline derivative. Its main application is as a mild cleanser for rinse-off products. It helps to reduce irritancy properties of anionic sulfates surfactants while improving the foam quality and its resistance to water's hardness or pH. Foams well and rapidly to give stable and creamy foam even in presence of soap or sebum.

INCI NAME

Sodium Cocoamphoacetate

PRODUCT SUMMARY

- **Physical appearance:** clear, colorless liquid
- **Active content:** 32%
- **Function:** amphoteric surfactant, hair conditioning agent, foam booster
- **Applications:** mild facial cleansers, bath & shower gels, baby cleansers and shampoos
- **Use Level:** 7,5% - 15%

FEATURES & BENEFITS

- Water soluble surfactant: allows to formulate **clear systems**.
- **Very mild** surfactant: gentle cleanser that preserves skin's natural sebum and **reduces irritancy** of anionic surfactants.
- Intrinsic high performance properties: **dense & long lasting foam and mildness**.
- Low irritancy profile: ideal for **sensitive skins**.
- Synergy with anionic surfactants: acts as a **foam booster** and helps to **build viscosity** in salt-free formulations.
- **Compatible with anionic, cationic and no-ionic surfactants:** ideal to formulate rinse-off skin and hair products.
- **Cationic polymers synergy:** increases polymer uptake on hair and skin and so improves final conditioning performance.
